

## IBM Watson IoT Platform Account Creation

The screenshot shows the 'Browse Devices' page in the IBM Watson IoT Platform. The page has a dark blue header with the IBM logo and navigation tabs: 'Browse', 'Action', 'Device Types', and 'Interfaces'. A user profile icon is in the top right corner. Below the header, there's a 'Browse Devices' section with two buttons: 'All Devices' (selected) and 'Diagnose'. A text block explains that the table shows a summary of all devices and can be filtered, organized, and searched. Below this is a search bar labeled 'Search by Device ID'. To the right of the search bar is a 'Device Simulator' toggle switch, which is currently turned on. The main content area contains a table with the following columns: 'Device ID', 'Status', 'Device Type', and 'Class ID'. The table has one row with the following data: '12345', 'Disconnected', 'abcd', and 'Device'. Below the table, there's a pagination bar showing '1 of 1 page' and '1 - 1 of 1 item'. At the bottom of the page, there's a status bar indicating '1 Simulation running'.

### Browse Devices

All Devices Diagnose

This table shows a summary of all devices that have been added. It can be filtered, organized, and searched on using different criteria. To get started, you can add devices by using the Add Device button, or by using API.

Search by Device ID

Device Simulator ☒

Device ID	Status	Device Type	Class ID
12345	Disconnected	abcd	Device

Items per page 50 | 1 - 1 of 1 item

1 of 1 page

1 Simulation running

The screenshot shows the 'Device Management Actions' page in the IBM Watson IoT Platform. The page has a dark blue header with the IBM logo and navigation tabs: 'Browse', 'Action' (selected), 'Device Types', and 'Interfaces'. A user profile icon is in the top right corner. Below the header, there's a 'Device Management Actions' section with three buttons: 'All actions' (selected), 'In progress', and 'Completed'. A text block explains that the table shows all actions that are in progress or completed. Below this is a table with the following columns: 'Action', 'Initiation time', and 'Device status'. The table is empty, showing '0 results'. At the bottom of the page, there's a status bar indicating '2 events sent' and '112 bytes sent'. A 'Simulations' modal is open on the right side of the page. The modal has a title 'Simulations' and a '+ New Simulation' button. It shows '1/50 Simulations Running'. Below this, there's a section for 'Device Type' with a dropdown menu showing 'abcd'. There's a '1 Event' button and a trash icon. Below this, there's a section for '1 Device' with a dropdown menu showing '12345'. There are two buttons: 'Create Simulated Device' and 'Use Registered Device'. At the bottom of the modal, there's a status bar indicating '2 events sent' and '112 bytes sent'.
